### **HISTORICAL NOTE**

The Louisiana State University Police Department began in 1938 when Charles R. Anderson was hired as a night watchman. On June 17, 1942, Anderson was appointed Chief Watchman and served as Chief of Police until July 1973. During his tenure the Louisiana Legislature granted police officer status to university security officers in 1968 and the official name of the department became Louisiana State University Police.

In 1988 the Police Department, the Occupational and Environmental Safety Office, the Office of Parking, Traffic, and Transportation, and the Office of Risk Management were united as the Office of Public Safety. These departments are located in the Public Safety Building on South Stadium Road, which opened in October 1995.

### **SCOPE AND CONTENT NOTE**

The LSU Police Department records contain administrative files, photographs, maps, and printed materials pertaining to campus buildings and law enforcement topics, biennial reports (1944-1970), correspondence of police chiefs Gary T. Durham (1977-1988) and William R. Watts (1988-1996), and a directory and newsletters of the International Association of College and University Security Directors (1965-1975). These documents refer to police-related issues on campus such as campus patrol, building access, key copies, burglar alarms, police response reports, parking regulations, and campus crime.

Box 12 contains photographic negatives and is therefore restricted. Box 7 is also restricted, and contains documents with personal information such as CVs and police reports.
